About Us

Legacy

In keeping with the rich tradition of Sydenham College of Commerce of imparting high quality education, Sydenham Institute of Management Studies, Research and Entrepreneurship Education (SIMSREE) was founded in the year 1983. Since then, SIMSREE has endeavoured to produce global managers of shining excellence.

Today, 35 years after its inception, SIMSREE stands as one of the most eminent management institutes in India. Located at Churchgate, Mumbai - the heart of the financial capital of the country, SIMSREE has the advantage of being the cynosure of the corporate world and also the opportunity to draw from the finest in the industry.

Vision

- To be a Leader in Management Education and be recognised and respected by the corporate world as an Institution of Academic Excellence
- To mould students into industry-ready and highly resourceful professionals capable of effectively managing business complexities in a globally competitive environment

Mission

- To let student initiative be a driving force behind the institution; supervising and guiding the students as and when required
- To maximize industry exposure of students through internship, live projects, guest lectures and management events
- To simulate a temperament of research and culture of entrepreneurship among students
- To instill in students a sense of ingenuity, discipline and commitment to lead their organisations towards resounding success

In 1983, we embarked on a journey to become one of the top management schools in India with the motto "Samudyogo hi Vishwajitah" meaning, Diligent Efforts Conquer the World. Today, we have the distinction of being among the best management schools in the country, ergo one of the most sought after by aspirants.

Located in the heart of Mumbai, the financial capital of our nation, our college provides its students with the privilege of unparalleled exposure to corporate India. Eminent industry professionals visit our institute on a regular basis to deliver lectures and to conduct workshops and knowledge sessions. Keeping in mind the nucleus of our success, a completely student driven philosophy, I would like to state four characteristics we embrace and practice. First being, people orientation. It's only through collective efforts here at SIMSREE that we achieve new heights. The inculcated ability to work with fellow human beings and to go in a well-coordinated, focused manner is our greatest asset. The second is fairness, equity and integrity. In today's cut throat competitive environment which we find ourselves in, we aspire to be the beacon of change. The third aspect is to have an open mind, for wisdom is power. We encourage as much diversity of views as possible for reaching solutions which are all embracing and richer and sustainable in the long run. And, the fourth we strive to quench our inquisitive and enquiring mind and to think of innovative solutions.

Every industry looks for an individual possessing the required skills and suitability for their requirements. To this end, we try to understand the strengths and weaknesses of the students after their admission and effort is made to convert their weaknesses into strengths. Many programmes such as Six Sigma, SAP, Digital Marketing, Big Data Analytics and Financial Modelling are conducted apart from the curriculum. In addition, students undertake Summer Internships and Live Projects along with their coursework to gain exposure and experience in the industry that they will be working in, in the near future.

Sydenham Institute of Management Studies, Research and Entrepreneurship Education (SIMSREE), Mumbai, India and San Francisco State University (SF State), California, Wisconsin University, Parkside U.S.A., having affirmed their common commitment to the values of intellectual freedom, educational excellence, and international cooperation, and having recognized the benefits that may be realized through expanded communication and collaborative research on education and cultural matters, the sharing of educational and cultural resources in higher education, research, and cultural exchange.

We look forward to a long-standing association of trust and synergy with you, and welcome you to experience the rich culture of SIMSREE.

Dr. Manoj Bhide
Director SIMSREE

Director Training & Placement's Address

As you begin a new year, we too embark on our continued journey of striving to integrate the latest happenings in the real world with that what is taught in the classroom. This is being done through a focused yet evolving process of bringing in the best from the industry and integrating their practical hands-on experience with theory – a large part of our faculty comes from leading industries and are themselves leaders in their respective subject domain.

We take pride in stating, the industry once again has shown immense belief in the talent that SIMSREE nurtures and offers to the corporate world.

A stellar recruitment season is an honour which reinstates the conviction of the industry in the brand, SIMSREE. I firmly believe that the batch of 2016-18 just like other Sydenham alumni in the industry will contribute immensely to their organizations and make their campus proud. I am sure that Sydenham will scale greater heights in the time to come.

Our students bring with them an average of 21 months of industry experience and are selected through CAT, MH-CET, CMAT etc, with cut-off being as high as 99.7 percentile. Students are further encouraged to take up summer internships and participate in various sector specific events organized on campus in collaboration with leading corporate entities. In addition, the students are being trained on team and leadership skills and soft skills which, today, play an extremely critical role in the overall development of the individual and their fitment into the corporate work culture. It is not just us saying good about our students, the track record of our Alumni speaks for itself. Many of them hold CXO level positions and many others have set up E-Commerce businesses that are the envy of many. Our Alumni committee, headed again by students, ensures that our Alumni are actively engaged with

the developments while, their feedback and participation is a regular feature of campus life at Sydenham.

As one of the oldest and prestigious institutes located in the heart of the city of Mumbai, Sydenham offers five streams of specialization – Finance, Marketing, Operations, Systems and HR, thus, as a recruiter it becomes a single port of call to meet your requirements across functions.

Our association with our regular recruiters has been of paramount significance to SIMSREE and I would restate that they have always had an active role in our Institute's standing today. To our new recruiters, all I would say is – join the rest of the leading corporates in picking the best talent from an institute that offers students who have proved themselves to be at par or even a notch above the rest in the business.

It gives me great pleasure in welcoming you to the Sydenham Campus, to participate in the placement season for the batch of 2018-2019 and look forward to meeting you on Campus.

Mr. Keyur Thakore
Director - Training and Placements
SIMSREE

SIMAA

Sydenham Institute of Management Alumni Association

SIMAA was envisioned by the students of the 2005-07 batch. It has been registered as a 'Company' under Section 25. This institution has been ably supported by the present Director Dr. Manoj Bhide and the alumni. Vision: To be among the top 10 Institutes in India and achieve autonomy

Ashish Bhasin

Batch of 1988, Chairman India & CEO South East Asia, Aegis Media and Chairman, SIMAA

“Sydenham Institute of Management Studies, Research and Entrepreneurship Education (SIMSREE), is a unique institute which allows students to blossom by empowering them to take decisions at a very young age. It truly brings the entrepreneur out in student and that helps them become great managers. It is an institute driven and run largely by students themselves, which gives them a unique management experience that no textbook can teach. Aided by its location near large corporate headquarters, SIMSREE creates great entrepreneurial managers consistently. The kind of diligence, effort and personal attention that SIMSREE is able to give, I doubt very much any other management institute, within India or globally, can match. I can definitely vouch for the fact that I have gained from the two years I spent doing my MMS at SIMSREE.”

Sachin Khandelwal

Batch of 1991, Ex MD & CEO, Magma Housing Finance

“Predictability and steady state businesses is a rarity in today's world. For Managers to be able to deliver what is expected of them and to excel, it is important to be able to balance theory, practice and be able to think on their feet and quickly execute. And, as I look back at my SIMSREE years, this was one of the key learning. With the toggling of Guest speakers changing schedules coupled with live Case studies and Surveys that we at SIMSREE could pick up from the corporate world, gave us not just business insights but even what's the next trend. Entrepreneurship is inculcated with exposure to various activities that involve interaction with the corporate world with events, seminars, research assignments on live projects and most importantly, the chance to hob nob with who's who of the corporate world. The institutes unique practice of running almost all activities through the student body and its committees takes students straight to the real world of inter departmental functioning and dynamics of shared goals. These give a chance to every student to actualize his inert talent and potential brings out the managers in them much before they graduate. I strongly feel that I studied while we were literally working at SIMSREE, which made it all the more fun.”

Structure of SIMAA

The Board of Directors consists of seven member

Mr. Ashish Bhasin

Chairman and CEO, South Asia Dentsu Aegis Network

Mr. G. Dhananjayan

Founder & Managing Director, BOFTA Film Academy

Mr. Ajit Alexander

Corporate Events

HR Conclave

HR Conclave is the annual HR panel discussion of SIMSREE that facilitates the sharing of ideas and HR's best practices between Corporates and Students. It is attended by CHROs, VP HRs, Director/Head HRs of various companies. This year, the topic of the panel discussion was 'Changing Dynamics: Reinventing HR Practices in the VUCA World'. The Chief Guest for the conclave was Mr. Kaustubh Dhavse, Officer on Special Duty to the Chief Minister of Maharashtra.

The panellists for this year's HR Conclave were:
Shrabani Basu, Padmini Misra, Rajesh Hurkat, Indrajit Chatterjee

Simergence

SIM'ergence is the annual corporate event of SIMSREE where eminent personalities present their ideas on a theme relevant to the corporate world. It consists of 2 panel discussions which are attended by business leaders & students from all the top b-schools in Mumbai. SIM'ergence is a word derived by combining SIMSREE (Sydenham Institute of Management Studies, Research & Entrepreneurship Education) & convergence. It symbolizes an effort of SIMSREE to provide an interactive platform to combine ideas & thoughts by corporate who are stalwarts in their area of expertise. The theme for this year's SIM'ergence 18 was 'Changing Realm of the Industries'

The panel 1 was on the sub theme 'Taking a leap from vision to execution'

Mr. Ashish Chauhan, Mr. Parimal Sbeth, Mr. Prashant Pathak, Mr. Amit Shah

The panel 2 was on the sub-theme 'Fading differences and bridging the gap between public sector and private sector'

Mr. T.J. Thomas, Dr. Brinda Jagirdar, Mr. Kaustubh Sonalkar, Mr. Jeff Rodrigues, Mr. Kishore Patil

This year, the event was held at the World Trade Centre in association with BSE IPPF (Bombay Stock Exchange Investors' Protection Fund)

Sustainable Enterprise Award - India Final

The final round of Sustainable Enterprise Award (SEA) India 2017 was conducted on SIMSREE's campus with SIMSREE being the venue partner for the same. Corporate Relations Committee partnered with Jagriti Yatra to organise the SEA on the campus. The SEA is a platform for aspiring entrepreneurs across the country to showcase their ideas in Water, Agriculture and Recycling fields.

Fiscus'18

FISCUS is the main flagship event of Finance Club where esteemed personalities of financial industry interact with students and discuss the challenges and innovations in the finance industry. The theme for this year's Fiscus' 18 was 'Advent of Blockchain: The new super power... revolution that will change our planet'

Guests for Panel Discussion:

Mr. Vikram Pandya, Mr. Vivek Bhambodkar, Mr. Ameya Gangal, Mr. Mukesh Jain, Mr. Rajendra Mhasdekar, Mr. Joydeep Dutta

Convergence 2017

Sydenham Consulting and Review Club conducted its flagship event Convergence 2017 on 25th November, 2017. The event was sponsored by the State Bank of India. It was a national level case study competition, and like every year, received a huge response. We received a total of 512 registrations from the participants of various colleges including IIMs, XLRI, FMS, JBIMS and various other premier B-Schools across the country.

The competition was judged by elite leaders from the industry. The list of judges is as follows:

Mr. Satyarth Priyedarshi, Ms. Jyoti Bharadwaj, Mr. Avnish Tripathi.

Asia Pacific International Conference (APIC)

Through this event, SMR Committee aims to provide a platform to researchers, be it from the corporate world or from the academic world, to come together and present their studies and research to an experienced panel, over a period of two days.

The Mission of the Conference series is to act as a vehicle to help build a global movement dedicated to capturing, spreading and nurturing good practices in business Conference. Stalwarts from the industry as well as PhD scholars presented their research at APIC 2018. The theme for APIC 2018 was "Changing Business Practices in Current Environment". There were a number of entries from students from different universities across India and a separate student-track was also conducted. APIC's uniqueness lies in the fact that this event was the result of collaboration between the students and the faculty members of SIMSREE.

Placement Process

Pre-Placement Talk

Resume Scrutiny / Aptitude Test

Group Discussion

Personal Interview

Final Selection

Final Offer

The placement process at SIMSREE is a structured, student-driven process managed by the Placement Committee (a student body) under the guidance and supervision of the director. It has been lauded unanimously by our recruiters. The process begins with a series of pre-placement talks by recruiting companies, where students gain valuable insight pertaining to the nature of work, the work culture and expectations from them. Recruiters then shortlist the interested candidates through resume scrutiny, aptitude test, and/or group discussions. The next step involves personal interviews, after to the selected students. The process can be conducted on campus or off-campus as per the convenience of the recruiting companies.

The Placement Committee

The Placement Committee at SIMSREE is a team of highly professional and committed students who ensure a smooth recruitment experience for the recruiters. It is an officially constituted student body and plays a pivotal role in the planning and efficient execution of the campus placement programme. It works in the interest of the batch by acting as a liaison between them and the industry. The placement committee reaches out to the best of organizations and invites them for recruitments. It takes care of every stage of the placement process right from pitching the companies to slotting the companies and arranging the necessary infrastructure.

Summer Placement Report 2017-18

Overview

The Summer Placement Season for the 2017-18 batch of Sydenham Institute of Management Studies, Research, and Entrepreneurship Education (SIMSREE), lived up to the standards set by the institute for the past three decades. Summer Internship being an integral part of any B-School curriculum, sets the base for a management student's broader understanding of corporate world and develops a holistic perspective of the practical aspects of businesses. Sydenham witnessed a remarkable placement season which saw the first year students being offered diverse roles by MNCs and some of the leading Indian business houses. There was also a marked increase in the stipends being offered. The batch of 2017-18

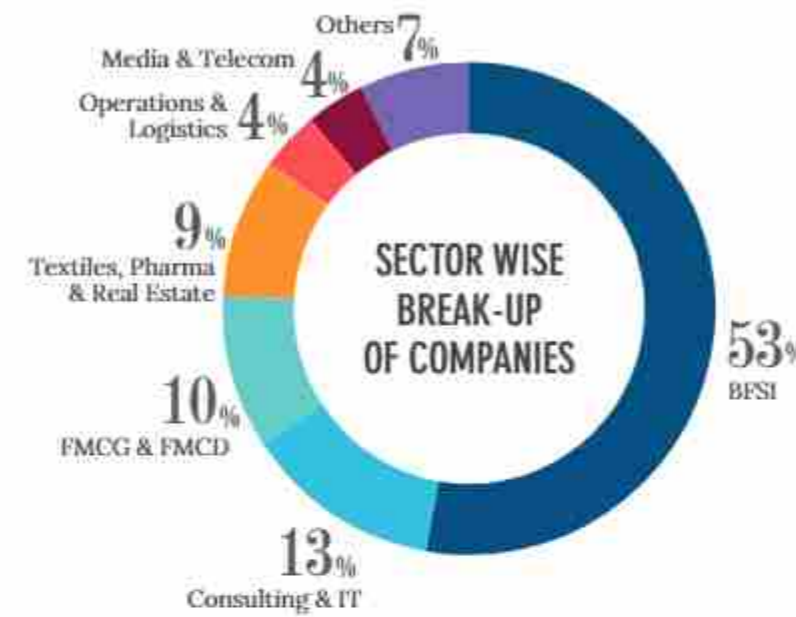

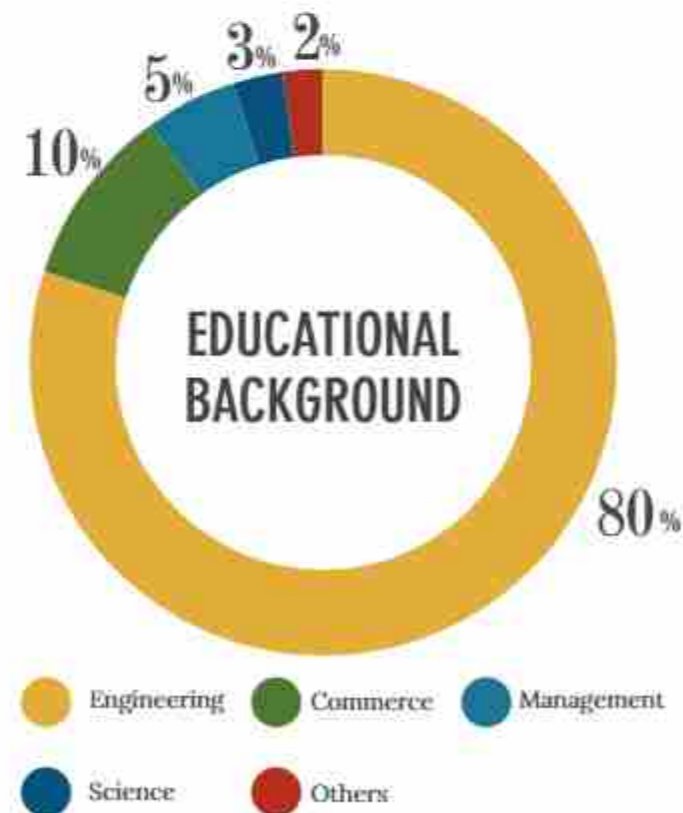

was offered summer projects by companies belonging to varied sectors like BFSI, e-Commerce, FMCG, FMCD, Pharma, Real Estate, Consulting, IT and so on.

We take pride in stating that even this year, SIMSREE has maintained its record of 100% placements. It is this sustained conviction of the industry and the quality of insightful relevant information imparted by our faculty that puts our students a notch above their peers and makes this feat possible. It also serves as a testament of the outstanding talent pool and quality offered by SIMSREE.

Batch Profile

Like every year, our students had a diverse background in terms of work experience. While almost half of them were new to the corporate world, they came to terms with the industry through live projects and summer internships. The other half had experienced work life in different sectors ranging from IT to Pharma, for periods of less than a year to over three years.

On the other hand, our diversity in terms of educational background was skewed towards engineering with eight out of ten people having come from the technical background. In addition to our mix, we have students from commerce, management as well as general science domains.

159

Number of Companies Visited

1,50,000
Highest Stipend (INR)

The BFSI domain saw an assortment of coveted profiles like Analyst-Global Finance, Asset Management, Risk Management, Equity Research, Financial Research Analyst, Corporate Finance, Mergers and Acquisitions, Investment Research offered by our top recruiters. The profiles offered in the Marketing and Operations domain included Sales, Branding, Analytics, Retail Branch Banking, Market Research, Product Development, Digital Marketing, Strategic Sourcing, Operations Strategy, Procurement Consulting and Business Process Management, Retail Liabilities.

Adding fresh cluster to our already well-known SIMSREE brand, more and more industry names are showing keen interest in associating and inducting our students within their organizations. There were new companies on campus which fortified the position of SIMSREE in the list of India's premier B-schools. Industry majors like Airtel, Anand Rathi, Axis Securities, Bernhard Schulte Ship Management, BlacPearl,

DCB Bank, DBS, J.T, NAREDCO, Merck Sharp Dome, PMRDA, Piramal Group, Raymond, Reliance Jio, Reliance Brands, Zycus, etc. recruited from the SIMSREE talent pool. Amongst the regulars Barclays, Bank of America, Capgemini, Citi Corp, Cotton Association of India, CRISIL, GEP, HDFC Bank, Hindustan Unilever, India First Life Insurance, J. P. Morgan Chase, Lawrence & Mayo, Marsh India Insurance Brokers, SBI, Tata Capital made their presence felt at our campus. Thus, cementing the strong belief in the high quality of talent available at our campus.

Confident of our hugely successful summer placement season, we are prepared to mirror this success with an equally successful placement season this year too. We express our gratitude to everyone involved in the placement process under the watchful guidance of our Director, Dr. Manoj Bhide and Director of Training and Placements, Mr. Keyur Thakore.

Off Summer Projects

Off-summer Projects also known as concurrent projects are live industry projects that the students work on. It gives the students an opportunity to implement their classroom learning in the corporate environment. The projects are taken throughout the year along with the college curriculum. The duration of the project can vary from two weeks to two months as per the company and the project demands. The students get

a glance at the corporate world and corporate world benefits from the fresh perspective of the students. Projects in different domains were offered by companies like McDonald's, IMRB, Mahindra First Choice, YSC Consulting and Crossover Catalyst.

Executive Placement Report 2017-18

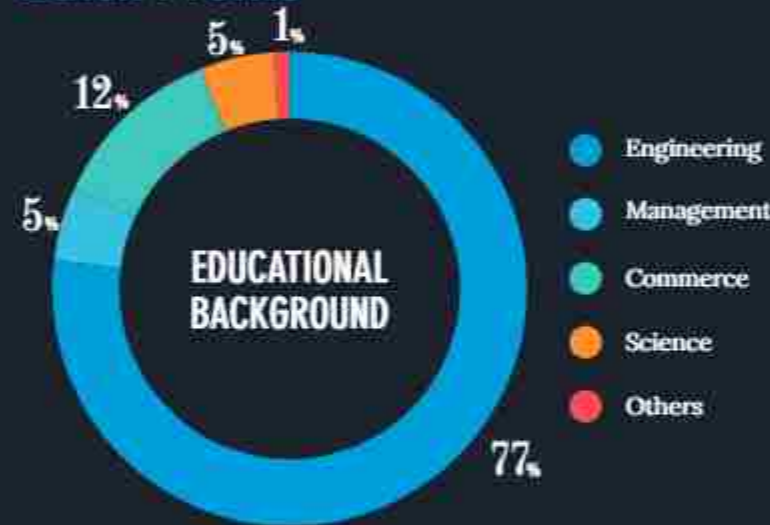

Overview

Sydenham Institute of Management Studies, Research & Entrepreneurship Education (SIMSREE) concluded the final placement season for the 2016-18 batch maintaining an impressive track record of 100% placements. Consistently ranked amongst the top business schools across the nation, SIMSREE has become a much sought after destination for an array of prestigious recruiters.

The Executive Placement Season for the batch of 2016-18

witnessed industry leaders from various sectors visiting the campus and recruiting for noteworthy profiles. Aditya Birla Group, Barclays Investment Bank, Citigroup, Deloitte USI, Dun & Bradstreet, Gulf Oil, HDFC Life, ICICI Bank, JP Morgan Chase & Co, Kansal Nerolac, Mannapuram Finance, Marsh India Insurance Brokers, Nielsen, Saint Gobain, Tata Capital Financial Services, Wipro were a few of the esteemed companies that exhibited complete faith in SIMSREE's talent.

Batch Profile

GENDER RATIO

SIMSREE has always prided itself on the quality of students that get into the institute year on year. The batch of 2016-2018 was no different. The batch had a mix of backgrounds such as management, commerce and engineering with 70% being engineers. More than half of the student pool had experience from zero to over three years in sectors ranging from IT to

Pharma while freshers gained exposure through Live Projects and Internships.

Finance was in vogue again with 55% of the students opting for Finance followed by Marketing, with almost 29% of the batch opting for it. Systems and Operations specialisations are being preferred by more and more students.

Key Highlights

SECTOR WISE BREAK-UP OF COMPANIES

The placement statistics show that SIMSREE has, yet again, proved to be a campus of choice for recruiters. It is a testimony to the fact that SIMSREE stands for excellence in business education and the kind of faith recruiters have in its student quality.

A host of new recruiters like Aditya Birla Capital, Blackrock, Canara Robeco, CBRE, Credit Agricole, Dabur, DBS, Mannapuram Finance, Reliance Commercial Finance, and many others, offered lucrative profiles to the talent pool at SIMSREE. To top it, the operations batch proved their wit by bagging an international placement at Doka.

Candidates majoring in Finance were offered roles such as Analyst-Global Finance, Business Management, Analyst-Investment Research, Credit Manager, Business Valuation, Investment Banking Analyst, Wealth Management etc. The

marketing majors witnessed a plethora of profiles such as Brand Manager, Digital Sales, Digital Marketing, Relationship Manager and Senior Area Sales Manager while the Systems and Operations students were picked up as Business Analyst, Business & System Integration Lead, Consultant, Operations Manager, Supply Chain Manager, etc.

Many students were offered Pre-Placement Offers (PPOs) and Pre-Placement Interviews (PPIs) based on their exemplary performance and knowledge as displayed during their Summer Internships.

In addition to this, Live Projects in different domains were offered by companies like Centrum Advisory, Deloitte USI, Lenskart, Mattel, Merck Sharp Dome, RSM Astute, Tommy Hilfiger, etc.
